- * Purchase gas at market price
- * Price set by elected council

Revenue generated

- * Invested in upgrades or other municipal requirements

Municipal Members

What a Municipal System Can Offer

- ▶ Low overhead component
- ▶ Shared services component
- ▶ Accountability to taxpayers, not shareholders
- ▶ Value-added component and retained infrastructure for taxpayers

Cost/Benefit

- ▶ Contribution towards infrastructure costs that would otherwise be supported by the mill rate (utility pays a portion of general administration and costs under accepted accounting practices)
- ▶ Provides a broader range of services and activities to retain public works and utilities personnel
- ▶ Provides specialized tools, work and safety equipment that can be shared with other municipal services and functions (location and detection equipment shared by all public works departments)
- ▶ Provides another function to share in existing costs (e.g. gas utility billing shares in computer and billing, general administration and related costs and reduces costs for the other utilities and services)

Cost/Benefit (cont.)

- ▶ Costs of service and rates can be managed to offer a “basket of services” to attract or promote development under a municipal plan
- ▶ Providing funds from reserves or contributions towards general revenues- supports the mil rate (return on investment)
- ▶ Provides competitive or preferential costs of service compared to rates maintained by other utilities
- ▶ Requires a greater responsibility to ensure public safety and provides a cost – effective service

Return on Assets

- ▶ In general, a municipality can obtain debt at lower rates than a corporation because a municipality has the power of taxation.
- ▶ Council has the option of retaining the earnings in the utility for capital expansion, taking the earnings as a dividend to be applied to other municipal projects or both.

Income Tax

▶ Municipal utilities do not pay income taxes, federal or provincial. The tax-free status is a clear benefit to the municipal utility's customer.

Regulatory Costs

▶ The process is usually more transparent as municipal utilities are smaller in size and costs are more easily verifiable and does not require public hearing costs that are incurred by investor-owned utilities.

Quality of Service

- ▶ The municipal utility is headquartered in the area it serves and is generally smaller than the investor-owned utility. Furthermore, customers have no hesitation calling municipal councillors concerning the level of service they are receiving from their municipal utility. While the councillor may perceive this as a disadvantage, this generally leads to better service from their municipality.

Town of Valleyview Request For Decision

Date:	April 8, 2024
From:	Dave Descheneaux, Director of Public Works
Subject:	Snow Plowing Request – Ag Plex

1.0 PURPOSE

To seek Council's approval to support plowing the Ag Plex property.

2.0 BACKGROUND AND DISCUSSION

The Valleyview Ag Society requested the Public Works Department provide snow plowing services at their facility on 40th Avenue. They indicated they are a non-profit organization and do not currently have a maintenance person.

3.0 ALTERNATIVES

- 3.1 Council approves Public Works to plow the Ag plex after snowfall at a cost between \$2,176 to \$3,264 per year
- 3.2 Council does not approve of Public Works plowing the Ag plex after snowfall.
- 3.3 Council accepts this RFD "Snow Plowing Request - Ag Plex" as information only at this time.

4.0 FINANCIAL IMPLICATIONS

Public Works estimates plowing snow at the Ag Plex will take one and a half hours minimum per snowfall event. The current Alberta Roadbuilders and Heavy Construction (ARHCA) rate for a grader is \$232.00/hour; and the Public Works' Operator rate is \$40.00/hour. Thus, 8 to 12 cleaning will cost \$2,176 to \$3,264 per year.

Snowplowing service hours are at risk of increasing if additional non-profit organizations request the same assistance.

While there is no exclusion to this activity on our liability policy, the Town's insurance provider requires there to be a written contract in place. There will be administrative costs associated with drafting an agreement letter/contract with the Ag Society.

Good afternoon Dave,

On behalf of the Ag Society Board, we would like to request snow removal on our property from the Town of Valleyview.

We are a non profit organization and currently we do not have a groundskeeper/maintenance position.

The snow season is hopefully over, but if we could come up with a plan for next winter we would appreciate it.

REGULAR COUNCIL MEETING

COUNCIL CHAMBERS
TOWN ADMINISTRATION OFFICE

To the Town of Valleyview Council,

I am reaching out on behalf of Emmanuel Baptist Church with a request to rent the single person lift from the recreation department. The ceiling mount projector in the church is needing replaced and a small man-lift would make the job very manageable. We have a church member who helps with maintenance projects who has the Fall Protection Safety Certificate as well as the Aerial Work Platform Training. My hope is that we could rent the lift for between 2-4 hours. Thank you for all you do for our community, as well as your consideration in this matter.

Sincerely,

Kevin Finster

March 17, 2024

Dear Valued Community Member,

It is with great pleasure that we announce that the Valleyview U18 Ice Bears will be competing in the upcoming U18 Tier 3 Provincials Tournament, to be held in Mallaig Alberta March 28 through March 31, 2024.

Going into the playoff weekend that was held in Peace River March 15th through 17th in 5th place out of 6 teams, these athletes played over and above earning their place to represent the Peace Country at the U18 Provincial Tournament.

To ensure our players have a positive experience, we will be chartering a coach as transportation to and from Mallaig, at an estimated cost of \$7,000. In addition to this expense, the team is responsible for purchasing admission pass for the team, swag, accommodations, meals, photos, and team building activities etc.

With the short notice of this adventure, we are hoping you could help support us financially to assist in covering the costs of attending provincials and support the great efforts of our U18 athletes and help them represent the Peace Country.

You may contact Leah Thompson, the team manager, by phone at 780-558-9030, or email at leah4876@gmail.com, with further questions or donations for our provincial tournament.

PER POLICY COU-10-01

Sincerely,
The Valleyview U18 Ice Bears
